Re: Application for a job position of MOBILE DEVELOPER - ANDROID

Respected Sir or Madam,

I am pleased to submit my resume for consideration for the available Android Developer position with your organization as advertised on Linkedin job portal. In addition to Bachelor's degree in Information Technology and Master's degree in Computer Science, my 4.5 years history of hands-on experiences as an Android Developer I am confident that I will be an asset to Cryptocurrency.

I have worked for many app development projects which required extensive detailing. And, you can have a look at my portfolio to know more. Also, your listed requirements closely match my background and skills. A few I would like to highlight that would enable me to contribute to your bottom line are:

- Worked with different teams to boost app performance and use experience
- Experience with Android framework and Java OOP concepts
- Highly skilled in designing, testing, and developing software
- Extensively worked on memory management of the app as it needed heavy memory in order to run smoothly.

I am pursuing studying two years Co-op program of Mobile Application Design and Development at Lambton college – Toronto campus. I have SW-1 study plus work visa which allows me to work 20 hours per week during the academic term and full time on vacation. So I am open for contract basis or freelancing work or internship through which I can contribute to organiztion with my knowledge and experience.

I can be reached anytime via my cell phone, +1 (437) 922-8906 or via email at chitrang200889@gmail.com. Thank you for your time and consideration. I look forward to speaking with you about this opportunity.

Sincerely,
Chitrang Patel
